

LCIF is thankful for the generosity of our many benefactors at the individual, club, district and multiple district levels that send donations to LCIF via Wire Transfer.

An important banking change has occurred. We are asking your assistance in distributing the information regarding this banking change to your fellow Lions.

Wire transfer donations should no longer be directed to Northern Trust. This bank account will no longer accept donations for LCIF via wire transfer in a couple of months.

JP Morgan Chase is now processing the banking of payments sent via wire transfer for LCIF and LCI. Donation payments and club administrative payments are directed to different accounts. It is important that donations are directed to the LCIF account and not the LCI account. The link below provides specific information and account numbers for the LCIF wire transfers account only and should be used for donations.

<http://lionsclubs.org/EN/lci-foundation/supporting-our-work/make-a-donation/lions-lcif-donatewire.php>

Be it a newsletter or online meeting, please activate the communication tools used to “get the word out” in your regions and assist LCIF by including the information in this e-mail.

Thank you for your kind assistance. Questions regarding the change can be directed to lcif@lionsclubs.org.

Lions Clubs International Foundation

Dear Lions

You must have the latest version of Adobe Acrobat Reader installed to view and run the print version of the reports in the WMMR website.

Please click on the link below to download a free copy Adobe Acrobat Reader.

<http://www.adobe.com/products/acrobat/readstep2.html>

<http://www.adobe.com/>

To assist you in accessing the WMMR site, may we suggest you try the following:

CACHE SETTING:

- Open your Internet Browser (i.e., Internet Explorer)
- On the menu bar at the top click on TOOLS then INTERNET OPTIONS
- Under The GENERAL tab in the Temporary Internet Files section
- Click SETTINGS
- Click the radio button EVERY VISIT TO THE PAGE
- Under Temporary Internet file folders/Amount of disk space to use should be set at 1MB

- Click OK to save your setting
- Once complete click the OK button to finalize all actions
- Exit (log out completely) and restart your browser (Internet Explorer, Firefox, etc)

It is necessary to completely delete any local cache and clear out your cookies and temporary files:

- Open your Internet Browser (i.e., Internet Explorer)
- On the menu bar at the top click on TOOLS then INTERNET OPTIONS
- Under The GENERAL tab in the Temporary Internet Files section
- Click DELETE FILES... button (Under Temporary Internet Files Dialogue)
- Check ü "Delete All Offline Content"
- Click OK
- Click the DELETE COOKIES button
- In the dialog box (delete all cookies in the temporary internet file folder?) click OK
- Click OK again to log out

Set your PRIVACY settings to Medium & DISABLE Pop-Up Blocker:

- Open your Internet Browser (i.e., Internet Explorer)
- On the menu bar at the top click on TOOLS then INTERNET OPTIONS
- Click on the appropriate tab (PRIVACY) and set your Security/Privacy level to Medium. (If already set to medium no action is necessary.)
- Below, Un-Check the box regarding the POP-UP Blocker setting. This will DISABLE the feature.
- Click the OK or APPLY button to finalize any changes made.

Another option may be to try using MOZILLA/FIREFOX Browser to access the WMMR page.

You must have the latest version of Adobe Acrobat Reader installed to view and run the print version of the reports in the WMMR website. Please click on the link below to download a free copy Adobe Acrobat Reader.

<http://www.adobe.com/>

NOTE: If you have downloaded a GOOGLE or YAHOO Tool Bar, be sure to check the status of the Pop-Up Blocker feature supplied. While connected to the WMMR website all Pop-Up Blockers should be DISABLED. Many pop-up blockers will reset to ENABLE when the browser is closed then reopened. So always know the current status of your Pop-up Blocker.

Let us know if we can be of further assistance.
