## **BUILD SUCCESS**

Hello Fellow Lions,

This is the final column in our discussion of the GMA process – Build a Team, Build a Vision, Build a Plan and Build Success. This month we will review how to “Build Success” either at the District or Club level.

We can recall that in the “Build a Plan” phase of the GMA process our District and Clubs have created Goals and Action Plans to support each of those Goals. Now it is critical that we take steps to foster success with those plans.

Building Success is done through accomplishing our Goals and completing our Action Plans. To implement this success, we should consider:

- Assigning responsibility to goals and action steps
- Holding meetings to check-in on progress
- Regularly reviewing progress on goals and actions to track progress
- Communication of progress and concerns
- Celebration and recognition

During the goal setting and action planning efforts it is helpful to assign responsibilities. Who is to take the lead on each goal, who is assigned to each action item.? This will enable us to create alignment within our District and Clubs and avoid confusion.

Holding regular review sessions of the Goals and Actions will help us to review progress, track results, and discuss challenges or shortfalls. These review meetings can be held during Club meetings, Board meetings, or through a separate on-line meeting. When reviewing Action Plans it is good to discuss progress on each step and to adjust completion dates if necessary. When reviewing Goals, it is common to agree if the goal is on track, slightly behind track, or will not be met. These are often reflected with the colors green, yellow, or red, respectively.

Communication of Goals, Action Plans, and progress is also very important. Our Clubs and District need to be aware of our Goals so we can align everyone and of our progress to be aware of our accomplishments and our areas for improvement. Communication can be up or down in our organization. Club Presidents can communicate goals and progress to their members and to the Zone Chair or District Governor.

The last and crucial consideration is to celebrate successes and give recognition. Every action item completed, and every goal reached is an opportunity to recognize progress by our Club or District. We can also give recognition to those Lions who led the efforts. This celebration can be done through many avenues including meetings, social media, certificates, or newsletters.

Let's Serve and Grow Together!
