

## **1<sup>st</sup> District 2S2 Cabinet Meeting**

### **District Leo Report 2024-2025**

**July 20, 2024**

Not much has changed since the last cabinet meeting in June.

School is out for the summer of course. The school advisors are not responding at this time. The advisors that we are hearing from are doing community service and/or are at least keeping in touch with their current Leos. Very little reporting is being done.

The school-based clubs won't report their officers until school starts in August and they hold their first meeting.

There is a State Leo meeting in Kerrville, TX on August 3<sup>rd</sup>. It's encouraging to know that several advisors have confirmed to be there.

Our District Forum is still on the calendar despite hurricane Beryl. Thank you to the Montgomery Lions and Leos for sponsoring our first forum to be held on August 10<sup>th</sup>, 2024, at Rudy's in Conroe. I will send out another round of invitations this week. We have had a good response.

We will be working very closely this year with Lion Nancy Smith, State Leo Director, to make a few positive changes in the clubs and reporting.

Thanks so much

Respectfully submitted

Lion Nancy Chesbro

District 2S2 District Leo Chair.
